

4/4/23

Dear Patients,

It is with mixed emotions that I announce my closing of my Obstetrics and Gynecology private practice effective 6/30/23. It has been a pleasure to serve your health care needs since 1989. I plan to retire and only work part time in a faculty teaching position with the Texas Tech Health Sciences Center Ob/Gyn department. The TTUHSC Ob/Gyn clinic phone number is 432-703-5510. I will have a limited appointment schedule to see patients along with the Ob/Gyn resident physicians and medical students. I will not be available daily. Call coverage after clinic appointments will be provided by the Texas Tech Physicians on call.

You should choose another Ob/Gyn physician to be your health care provider before 6/30/23. I suggest you contact one of the hospitals in Odessa or Midland for a list of Ob/Gyn providers or the Ector or Midland County Medical societies for a list. Your medical records are confidential, and can be transferred to another doctor or released to you, or your designate only with your permission. See the forms and handouts section of this website and click on forms for a printable medical release form to sign and return to my office by US mail, fax 432-333-2970, or drop off in person. Please note emails are not secure going through servers with your name and signature, but emails with the document attached will be accepted at docdlibson@yahoo.com.

I have valued our relationship greatly and the privilege it has been to serve you. Thank you for your loyalty and friendship over the years. Best wishes for your future health.

Sincerely,

David Libson MD
